UK PACKAGING

PRODUCT GUIDE

YOUR PACKAGING PARTNER

UK Packaging was incorporated on 11th October 1984.
From humble beginnings we have seen gradual, organic and managed growth making us one of the largest independent packaging companies in the country. We approach every day with the capabilities, energy and enthusiasm that forms part of the UK Packaging culture borne out of a desire to provide exceptional service and customer satisfaction.

MISSION STATEMENT

To provide the best packaging solutions, to fulfil and exceed customer expectation through price, delivery and customer service.

Our focus is to be a reliable partner, combining our strengths with an understanding of each individual customer.

We are dedicated to customer responsiveness and are committed to continuous innovation and constant improvement in both products and service.

To accomplish this we actively promote an atmosphere of open communication and personal integrity together with ongoing dialogue between our customers and ourselves.

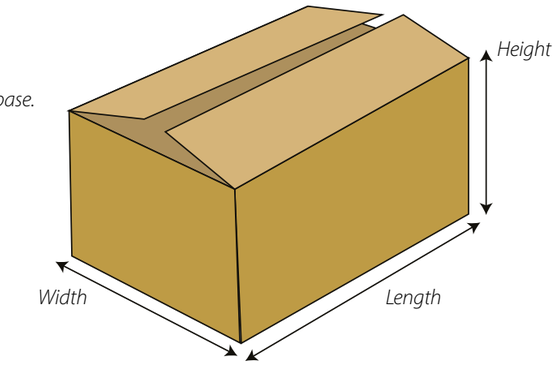
HOW TO MEASURE A CARTON

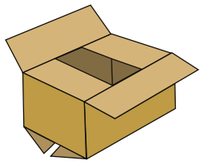
All metric measurements shown in this section are in mm

Dimensions are usually expressed as internal dimensions in mm as follows.
Length (L) x Width(W) x Height (H)
Length = The longer dimension at the opening.
Width = The shorter dimension at the opening.
Height = The dimension from the top of the opening to the base.
This is illustrated in the picture (opposite)

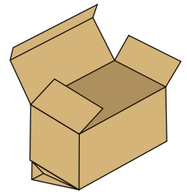


MADE-TO-MEASURE

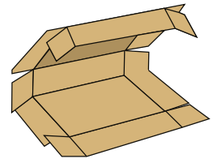
We can produce cartons in many styles. Our made-to-measure service is available on request.
Shown here are our most popular made-to-measure carton styles.



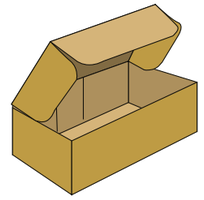
FEFCO STYLE 0201
Regular lap end case.



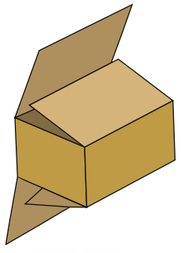
FEFCO STYLE 0211
Tuck in top and bottom.



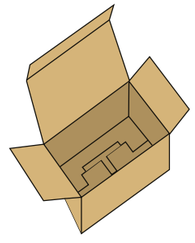
FEFCO STYLE 0409
Five panel wrap.



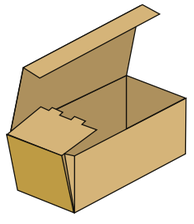
FEFCO STYLE 0426
Folding box with tuck in lid



FEFCO STYLE 0203
Regular lap end case with fully overlapping flaps.



FEFCO STYLE 0215
Tuck in top.



FEFCO STYLE 0421
Folding box with locking sides.

FEFCO STYLE 0427
Folding box with tuck in lid

SINGLE WALL STOCK CARTONS 0201 GLUED

Standard stock cartons are manufactured from premium quality fluted corrugated board.

TISSUE TAPE - DOUBLE SIDED HIGH TACK - FINGER LIFT

Tissue tape has a hot melt adhesive on a 12g tissue with a white glassine (80g) release paper. This is a SUPERB hot melt, high tack product, which is easily conformable by virtue of its 12g tissue carrier, but is slightly less aggressive. For a wide variety of uses where moderate temperatures and low U.V. factors exist.

BATTERY POWERED & PNEUMATIC FRICTION WELD STRAPPING TOOLS FOR POLYPROP & POLYESTER STRAPPING

ZPX

STOCK CODE 36FWST01

The ZPX battery powered strapping tool is suitable for polyprop and polyester strapping. Strap feed is extremely simple, with both straps being inserted together. The ZPX has a tension range up to 200kgs (2000N).

BXT16/19

STOCK CODE 36FWST02

The BXT incorporates the latest battery technology so is light in weight yet still offers a longer operational cycle than competitors tools. The battery continues to deliver maximum tension levels even when in a low state of charge. Strap tension and weld strength are easily adjusted via touch sensitive controls on the electric control panel. The BXT uses a simple two push button operation, the rocker lever allows both straps to be loaded simultaneously speeding up strap cycle times.

"We have been using UK Packaging for a number of years. Their competitive pricing and own fleet of delivery vehicles makes them the ideal partner for all of our packaging needs."†

STRAPPING DISPENSERS

PRO-SERIES SD32

STOCK CODE 36SS43

SD32 Mobile trolley for ribbon wound steel strapping

PRO-SERIES NSD800

STOCK CODE 36SS47

Narrow width ribbon wound steel strapping coil holder - ideal for use in narrow isle and manoeuvring between timber packs in saw mills for example. Fully adjustable for 12mm-32mm

PRO-SERIES MW60

STOCK CODE 36SS48

MW60 Mobile trolley for mill wound (oscillated) steel strapping

PRO-SERIES HDMW60

STOCK CODE 36SS49

Heavy duty dispenser for mill wound steel or polyprop/polyester on 406 core. Large capacity metal tool/seal box

PRO-SERIES PD40

STOCK CODE 36TR0LL41

PD40 Mobile dispenser for polyprop strapping on plastic reel

PRO-SERIES PSD4

STOCK CODE 36STAND42

PSD4 Static dispenser for polyprop strapping on a plastic reel

PRO-SERIES PCS6

STOCK CODE 36TR0LL43

PCS6 Static dispenser for composite polyprop strapping on 200mm diameter x 150mm / 190mm wide core

PRO-SERIES PMC80

STOCK CODE 36TR0LL46

PMC 80 Mobile dispenser for composite polyprop strapping on cardboard core 200 mm diameter x 150/190mm wide core

FRICTION WELD TOOL WORKSTATION

STOCK CODE 36WORKSTAT01

Many tools returned for repair have been dropped. This new work station prevents this and enables the operator to strap pallet with ease. Available for horizontal or vertical applications on a variety of coil types

PRO-SERIES PTD406

STOCK CODE 36TR0LL44

PTD 406 Mobile dispenser for polyprop / polyester strapping on cardboard core. 406mm diameter x 150mm wide core

PRO-SERIES CSD3

STOCK CODE 36TR0LL45

CSD 3 Static dispenser for woven polyester strapping

PRO-SERIES CSM20

STOCK CODE 36TR0LL47

CSM 20 Mobile dispenser for woven polyester strapping

CORDED POLYESTER STRAPPING SYSTEM

STOCK CODE	BOX QTY	WEIGHT	TYPE	SIZE
PHM16-480	2	15.30	STRAPPING	16mm x 850m BREAK STRAIN 700kg
PHM 19-585	2	12.30	STRAPPING	19mm x 600m BREAK STRAIN 900kg

36PS22	2	16.90	STRAPPING	25mm x 500m BREAK STRAIN 1000kg

High quality twisted polyester yarn bonded with hotmelt to produce a light, soft and flexible user-friendly strapping with the strength of steel but without the handling problems. Corded strapping presents no problems with marking or damaging pack goods and has good weather resistance. When secured with buckles it can be re-used, re-tensioned or scrapped with normal waste.

HAND STRAPPING COMBINATION TOOLS

PRO-SERIES B12

STOCK CODE 36COMB20

12mm budget combination tool for polyprop strapping - available in 12mm only. Use Semi Open Seal

PRO-SERIES SPC12/16

STOCK CODE 36COMB23

12mm/16mm standard combi tool for polyprop strapping. Available in 12mm or 16mm. State size when ordering – use Semi Open Seal

PRO-SERIES RSK

STOCK CODE 36COMB18

Lightweight Combination Tool for flat packages. (i.e. pallets, bales, crates, cases etc.) Can be used with polyprop or polyester strap. The windless tensioning system provides very high strap tension – Use Serrated Seals

HAND STRAPPING TENSIONERS

PRO-SERIES TST30

STOCK CODE 36TEN25

Standard tensioner for polyprop strapping up to 16mm.

PRO-SERIES TB301C

STOCK CODE 36TEN26

Heavy duty tensioner for polyprop strapping up to 19mm.

Chrome plated for the food industry.

HAND STRAPPING SEALERS

PRO-SERIES SGP 12/16

STOCK CODE 36SEAL26

12mm/16mm standard polyprop sealer. Please state size when ordering

EXTRUDED POLYESTER STRAPPING TOOLS

OPTIMAX HPT50

STOCK CODE 36TEN29

Heavy duty tensioner for Polyester/Polyprop strapping up to 19mm.

OPTIMAX QRS

STOCK CODE 36TEN34

Heavy duty tensioner for polyprop/polyester strapping up to 19mm. Innovative gripper mechanism and unique windlass return for faster and easier strap loading.

OPTIMAX OFH 12/16

STOCK CODE 36SEAL27

12mm/16mm heavy duty polyester strapping sealer with offset jaws. Designed for use with serrated seals for improved seal efficiency. State size when ordering. – Use SER serrated seals

STEEL STRAPPING TENSIONERS

PRO-SERIES TLS20

STOCK CODE 36ST01

Standard tensioner for steel strapping up to 19mm. Designed for flat pack applications.

PRO-SERIES FP

STOCK CODE 36ST02

Heavy duty tensioner for steel strapping up to 19mm. Designed for flat pack applications.

STEEL STRAPPING SEALERS

OPTIMAX TS12/16/19

STOCK CODE 36SEAL28

Standard steel strapping sealer. Available in 13mm, 16mm and 19mm. State size when ordering. – Use Snap-On seals

STEEL STRAPPING COMBINATION TOOLS

OPTIMAX QST12/16/19

STOCK CODE 36COMB25

Heavy duty steel sealless combination tool for flat pack applications. The QST is fully adjustable for 13mm, 16mm and 19mm. This tool has reversible punching dies for extended life. Please state size when ordering. – Sealless joint - no seals required

ALSO AVAILABLE

OPTIMAX OHT12/16/19

Heavy duty steel sealless combination tool for flat pack applications. The OHT is designed for use with high tensile and regular duty steel strapping. Fully interchangeable for 13mm/16mm and 19mm. This tool has reversible punching dies for extended life. Please state size when ordering. – Sealless joint - no seals required

STAPLING MACHINES

PLIER STAPLER

for both 24 & 26 type staples

STOCK CODE	DESCRIPTION
50STAPLER20	• Light tool, ideal for closing polybags or general office & warehouse use
	• Reversible anvil to close or pin a light wire staple

HEAVY DUTY PLIER

for type P73 staples 6-12mm leg length

STOCK CODE	DESCRIPTION
50STAPLER21	• Robust stapler for thicker card, some plastics or corrugated
	• Attachments for bag neck sealing and carton closing included

HAMMER TACKER

for type P140 staples 6-10mm leg length

STOCK CODE	DESCRIPTION
50STAPLER22	• Ideal for attaching waterproof linings or labels to wooden cases etc or fixing floor underlay
	• Built for reliability in arduous conditions

GUN TACKER

for type P140 staples 6-10mm leg length

STOCK CODE	DESCRIPTION
50STAPLER23	• Designed for case lining, label attachment and general display work
	• Recoilless action for comfortable operation

HAND OPERATED CARTON TOP STAPLER

Staple 32mm wide x 15-18mm leg

STOCK CODE	DESCRIPTION
50STAPLER24	• Uses wide crown carton staple in 15mm and 18mm leg length for secure fastening
	• Four staple depth adjustments to avoid damage to packed goods
	• Weighs only 1.65kg

AIR OPERATED CARTON TOP STAPLER

Staple 32mm wide x 15-18mm leg

STOCK CODE	DESCRIPTION
50STAPLER25	• Pneumatic operation avoids operator fatigue
	• Uses wide crown carton staple in 15mm and 18mm leg length for secure fastening
	• Staple depth adjustment to avoid damage to packed goods
	• Weighs only 2kg

FOOT TREADLE OPERATED CARTON BOTTOM STAPLER

for 32mm wide crown staples

STOCK CODE	DESCRIPTION
50STAPLER26	• Foot operation allows hands-free working
	• Robust construction for durability

OPTISEAL INDUSTRIAL HEAT SEALING MACHINES

The Optiseal Sealer can be mounted on a stand which comes complete with a film holder to allow the film to be dispensed on demand. The foot pedal connects to the sealer to provide a hand free sealing operation.
In addition to the work stand there is a work table and bag support available that holds the product whilst the film is being sealed. The adjustable bag support enables the operator to make uniform sized bags.

Shrink Gun

RIPACK PALLET SHRINK SYSTEM

The RIPACK 3000 series is as safe as ever. No risk of accidental burns with it's unique "cold nozzle" design giving the user the ability to safely touch and rotate the nozzle, 360 degrees, with bare hands

Contains spare igniter

The RIPACK 3000 series features an ergonomic bi-material handle for improved grup

Comes complete with it's own robust carry case, serving as a stable footboard granting extra elevation of 27cm for an operator up to 120kg

RIP-3000

Ripack high output pallet shrink gun, 8m hose with swivel connection, regulator, all in carry case

- *Incorporates all the benefits of the proven RIP-2200 with greater heat output saving up to 15% job time*
- *Built in spare igniter and allen key for immediate maintenance, soft-feel handle and suspension bracket*
- *The case can be used as a step-up of 27cm for operator*
- *Hand tool weight 2.80kgs. Total weight gun, accessories and case 5.50kgs*

STOCK CODE	PK QTY	PK WEIGHT

VOID FILLING MACHINES

Intellipack have introduced the industries most advanced foam-in-place packaging systems. Never has there been a solution quite like this transforming mature technology into a cutting edge approach.

IntelliPack SmartBAGGER® and SmartSHOT® dispensing systems are innovative, polyurethane foam packaging technology, ideal for high-volume, medium-to-large applications that require protective void fill, blocking and bracing or cushioning offering excellent protection during shipping and handling process.

Each system incorporates reliability, ease of use and ergonomic design and leading edge technology, the result is foam-in-place packaging solutions so smart they minimise operator input and ensure the virtual elimination of unexpected downtime.

Intellipack SmartCHAMBER™ - variable foam filled tubes are ideally used for bottom cushioning, end caps, corner protection, wraps or to fill awkward voids.

INTELLIPACK SMARTBAGGER, FOAM-IN-BAG SYSTEM

DIMENSIONS	POWER
1133 X 825 X 1666 (W x D x H mm)	32amp, 230Volt, Single Phase

INTELLIPACK SMARTFOAM, FOAM-IN-PLACE

TYPE	DESCRIPTION
SLD	Super low density provides average cushioning and material recovery
HE	High-efficiency foam provides good cushioning and protection for multiple drops
MLD	Mouldable foam provides excellent cushioning and recovery for heavy products

Value in Every Box, Call us today and discover how foam-in-place packaging just got smarter.

CELL-O-EZ

- *High speed machine (approx 12m of film per minute)*
- *On demand air cushions*
- *Cost effective*
- *Easy to use*
- *Small table top system*
- *Virtually maintenance free*
- *No compressed air required*

MINI ADS

Suitable for NOVUS and CELL-O-EZ air cushion types

- *Integrate easily*
- *Space saving*
- *Improve ergonomics*
- *Gain time*
- *Increase output*

NOVUS

- *Versatile: the Novus machines inflates 4 types of film configurations covering a wide range of packing applications*
- *Air Transfer technology allowing the air to circulate from one cushion to the other, thus allowing better shock absorption*
- *Handle cut perforation to easily separate the cushions*
- *Fast and easy to use: produces 22 meters of air cushions per minute, and film loading is especially easy*

STOCK CODE	DESCRIPTION	SIZE METRIC	LENGTH	APPLICATION

PILLOW PACK GREEN

Wide width air cushions: PILLOW PAK GREEN inflates to 670mm allowing to protect large products

- *High resistant film: the 44 micron thick film offers, in combination with our air transfer technology, superior cushioning and protection to the products*
- *Contains post-consumer recycled* high density polyethylene and are 100% recyclable, helping to reduce the impact on the environment*
- *Fast and easy to use, the PILLOW PAK system produces 22 meters of air cushions per minute*
- *Cost effective: prevents over wrapping and saves on transportation. 26 mm PILLOW PAK GREEN bubble height reduces number of wraps while providing the same cushioning protection as standard bubble film. Also, 2.5 pallets (60 rolls) of PILLOW PAK GREEN are equivalent to 1 truck load of bubble wrap*

Introducing the ultimate inflatable, on-demand hybrid cushioning system...

AIRSPEED™ HC SYSTEM INFLATABLE SYSTEM

SYSTEM SPECIFICATIONS

Hybrid Cushioning Machine

Power: Standard 110
Draw: Less than 5 amps

Standard Film

SYSTEM	ROLL WIDTH	ROLL LENGTH	MATERIAL
AirSpeed™ HC	16.75"	1,250'	HC Small
AirSpeed™ HC	17.25"	1,250'	HC Large

Fast: Produce pillows at speeds 75 feet a minute.

Easy to use: Simply load film and press start.

Lower packaging costs compared to other high end packaging materials: Reduce storage and material handling; low to no maintenance costs.

Clean: No harmful and messy foam-in-place chemicals to use and dispose of.

Unique Adjustable Air Pressure: Fill cushions to your specific height needs.

True Perforations: Sheets are perforated for easy-to-tear, quick packing with no loss of cushioning due to perfs.

Excellent Film Memory: Able to retain its shape and protective qualities when folded and manipulated or wrapped.

Space Savings: One pallet of AirSpeed™ HC film can be converted into the equivalent protection of almost one-and-a-half truckloads of traditional bubble! No need to store drums of chemicals like Foam-in-Place.

Great Clarity: Transparent material is more appealing than solids such as foam in place.

The AIRSPEED™ HC SYSTEM is ideal for these packaging applications.

- **Wrapping and Packing**
- **Large Volume Cushioning**
- **Blocking and Bracing Applications**
- **Customers looking to reduce storage and material handling**
- **Retail customers looking for film clarity**
- **Can be coupled with the AirSpeed™ 5000 to handle side or bottom fill**

Ideal Markets

- **Aerospace**
- **Automotive**
- **Book Publishers**
- **Computer & Peripherals**
- **Cosmetics**
- **Electronics**
- **Fulfillment**
- **Giftware**
- **Glass Products**
- **Medical & Dental Supplies**
- **Party Supplies**
- **Pharmaceutical**

It's Versatile And Easy...

TAPE SEALING MACHINES

OPTIMAX SK2 SEMI-AUTOMATIC CASE TAPER

The SK2 Case Taper provides safe and effective sealing of the top and bottom cartons simultaneously. High quality, rugged proven design manufactured in the EU, meeting CE392 machine directives. A full range of uniform and random case tapers available.

Range of accessories also available.

Features include:

- *Manufactured in the EU*
- *Proven reliability*
- *Renowned, reliable K11 Taping Head*
- *2000mtr roll tape holder*
- *Emergency stop button*
- *Flap compression rollers*
- *Self sealing lateral box guides*
- *Single phase 240v power supply*

Output: 800 boxes per hour

For sealing cartons to the dimensions of :
Min 150L x 140W x110H
Max: ∞L x 500W x 500H

SK2 shown here with castor option

OPTIMAX SR4 SEMI-AUTOMATIC RANDOM SIZE CASE TAPER

The SR4 is an air assisted model which requires an air supply.

For sealing random size cartons to the dimensions of :
Min 150L x 140W x110H
Max: ∞L x 500W x 500H

OPTIMAX FLEXIBLE CONVEYOR SYSTEM

STOCK CODE	PRODUCT DESCRIPTION	WEIGHT
GTL400/3	1.5 metre to 4.5 metre flexible outfeed conveyor. 400mm wide, adjustable height with locking castors	62kg

SHRINK SYSTEMS

Higher throughput is offered by these systems which have controllable solenoids, that ensure consistent sealing and are fitted with lockable castors for easy movement to where they are needed.

AC-550

Combined "L" sealer 550mm x 420mm with shrink hood

- *Seals and shrinks up to 9 packs/min simultaneously using operator friendly controls, mobile with lockable castors*
- *Maximum centrefold film width 500mm, maximum pack height 250mm*
- *Power supply: 220v/50Hz*
- *Dimensions: L1210mm x W730mm x H1140mm Weight: 100kg*

STOCK CODE	WEIGHT
AC-550	100.00kg

AC-770

Combined "L" sealer 700mm x 470mm with shrink hood

- *Seals and shrinks up to 8 packs/min simultaneously using operator friendly controls, mobile with lockable castors*
- *Maximum centrefold film width 550mm, maximum pack height 250mm*
- *Power supply: Single phase 16amp*
- *Dimensions: L1510mm x W770mm x H1160mm Weight: 120kg*

STOCK CODE	WEIGHT
AC-770	120.00kg

HS35-KT20-ST

"L" sealer with motorised shrink tunnel for package size up to 350mm x 300mm x 140mm

- *Parcels can be continually sealed and placed onto the conveyor for automatic shrinking*
- *Tunnel dimensions W350mm x H120mm. Maximum centrefold film width is 400mm*
- *All operating temperatures are controllable*
- *Dimensions: L460mm x W700mm x H1350mm Weight: 112kg*

STOCK CODE	WEIGHT
HS35-KT20-ST	112.00kg

AUTOMATIC STRAPPING MACHINE (TP-6000-CE)

STOCK CODE	PRODUCT DESCRIPTION
36SM01	AUTOMATIC STRAPPING MACHINE

Automatic strapping machine for polypropylene strapping. Pedal or sensor activated. Alternative arch sizes available to order.

- *Strapping width: from 8mm - 15.5mm wide*
- *Arch size: Length: 850mm x Height: 600mm (set for 12mm wide strapping)*
- *Reliable machine, easily maintained*
- *Capable of 27 cycles per minute using machine grade PP strapping*
- *Machines are RoHS compliant*
- *Dimensions: Length: 1430mm x Width: 620mm x Height: 1540mm*
- *Weight: 225kg*

AUTOMATIC STRAPPING MACHINE (TP-702)

STOCK CODE	PRODUCT DESCRIPTION
36SM02/56	AUTOMATIC STRAPPING MACHINE for 5mm/6mm strapping
36SM02/9	AUTOMATIC STRAPPING MACHINE for 9mm strapping
36MS02/12	AUTOMATIC STRAPPING MACHINE for 12mm strapping

Automatic strapping machine for polypropylene strapping. Pedal or sensor activated. Alternative arch sizes available to order.

- *Can use three sizes of strapping widths: 5mm/6mm, 9mm or 12mm (see Stock Code above for 3 strapping widths)*
- *Arch size: Length: 650mm x Height: 500mm*
- *Foot, button or optional photo-eye operation*
- *Reversible control panel allowing operation either side*
- *Strap dispenser allows waist high loading, easy access to strap guides*
- *Dispenses 65 straps per minute*
- *Designed with less moving parts and the latest DC brushless motor technology for reliability*
- *Machines are RoHS compliant*
- *Table adjust for height between 820mm to 920mm*
- *Dimensions: Length: 840mm x Width: 652mm x Height: 1325-1425mm*
- *Weight: 5/6mm and 9mm at 157kg, 12mm at 166kg.*

SEMI-AUTOMATIC STRAPPING MACHINE (TP-202CE)

STOCK CODE	PRODUCT DESCRIPTION
36SM03	SEMI-AUTOMATIC STRAPPING MACHINE

Semi-automatic strapping machine with an open frame for Polypropylene strapping for more efficient parcel strapping at an economical price

- *Strapping width: from 6mm - 15.5mm wide*
- *Capable of 24 cycles per minute with manual tension control and height adjustable legs for 930mm maximum height*
- *RoHS compliant and supplied ready to go with 12mm strapping fitted*
- *Dimensions: Length: 902mm x Width: 586mm x Height: 760-930mm*
- *Weight: 85kg.*

STRETCH WRAPPING MACHINES

ECOPLAT BASE

TURNTABLE STRETCH WRAPPING MACHINE

This machine is ideal for companies looking to move from wrapping by hand to using a stretch wrapping machine.

The control panel is simple to understand and allows easy use of the many available wrapping functions.

It will take the strain out of wrapping by hand in a simple effective manner.

STOCK CODE	PRODUCT DESCRIPTION
50TSWM01	ECOPLAT BASE TURNTABLE STRETCH WRAPPING MACHINE

ECOPLAT PPS

TURNTABLE STRETCH WRAPPING MACHINE

This machine is a step up from the BASE for the more advanced machine wrappers.

The control panel has more functions than the BASE, it uses Power Pre-Stretch (PPS) film increasing the yield on your film.

It is ideal for companies with light crushable items or wrapping 20-30 (or more) pallets a day.

STOCK CODE	PRODUCT DESCRIPTION
50TSWM02	ECOPLAT PPS TURNTABLE STRETCH WRAPPING MACHINE

ROTOPLAT 507 PDS

TURNTABLE STRETCH WRAPPING MACHINE

This machine is the most popular pallet wrapper in the UK and is the choice for many major blue-chip companies.

The control panel has advanced functions and can be set-up for all requirements from very light to very heavy loads in all shapes and sizes.

It uses Power pre-stretch film and will increase the yield on your film.

The Rotoplat 507 PDS is the top end of Stretch Wrapping Machines for large companies.

STOCK CODE	PRODUCT DESCRIPTION
50SWM03	ROTOPLAT 507 PDS TURNTABLE STRETCH WRAPPING MACHINE

ROBOT S6

SELF PROPELLED ROBOT FOR STRETCH WRAPPING

This machine is the ideal solution for companies where space is tight.

It is battery operated and can be easily moved from one load to another.

The control panel is easy to understand and allows you to create and store programs quickly and easily.

The Robot S6 is capable of wrapping any type of product, shape or size.

TERMS AND CONDITIONS OF SALE

1. SELLERS CONDITIONS OF SALE APPLY
These terms and conditions of sale shall apply to and govern. Any contract between the Seller and the Buyer to the exclusion of any conditions contained on or in any order form letter, receipt acknowledgement, or the Terms and Conditions shall be effective unless expressly agreed by the Seller in writing.

2. PRICES
All price quotations are calculated from the costs applicable at the date of such quotation. If there is any increase in such costs between the date of quotation and despatch the Seller may increase the quoted price accordingly. On printed orders the price confirmed excludes artwork etc which may be charged separately.

3. QUOTATIONS
Quotations indicate the price at which the Seller would be willing to supply goods if a written order is placed within 30 days. Otherwise they are not offers to supply goods and any order placed on the basis of a quotation must be accepted by the Seller for a contract to arise. Clerical errors are subject to correction.

4. DELIVERY

a) Unless otherwise agreed in writing the Buyer shall be bound to accept goods ordered by him on being notified by the seller that they are ready for delivery.

b) If the buyer fails to take delivery at the time required by the Contract the Seller shall be entitled without prejudice to any rights it may have to treat the Contract as at an end and to resell the goods, or to invoice the goods whereupon payment in full shall become due and in either case charge at rates giving an economic return for the handling and storage of goods from the invoice date to the eventual date of delivery to the Buyer or disposal elsewhere as the case may be and the Buyer shall be liable to pay any premium in respect of the insurance of such goods from the date on which he is notified that the goods are ready for delivery.

c) If goods are contracted to be delivered by instalments, late delivery of one instalment shall not entitle the Buyer to reject any other instalment under the contract.

d) **(i)** Any date of delivery given by the Seller to the Buyer shall be an estimate only and while the seller will endeavour to comply with any such date it shall not be responsible for late delivery.

(ii) Without prejudice to the generality of the foregoing the Seller shall not be liable for late delivery of failure to deliver through any cause which is beyond the control of the Seller.

5. RISK
All Goods are at the Buyers risk from the time of delivery or collection by the Buyer or his agent, or delivery to the place stipulated in the contract.

6. RETENTION OF TITLE

a) Goods delivered to the Buyer shall remain the property of the Seller until all sums due to the Seller from the Buyer in respect of goods or otherwise are paid to the Seller. In the event of any default by the Buyer in payment of any such sum the Seller shall be entitled to retain possession of the goods.

b) Where payment is affect by cheque the Seller shall not have received payment until that cheque has been honoured and the amount credited to the Seller's bank account.

c) Until sums due from the Buyer to the Seller have been paid or until resale in accordance with sub-paragraph d) of this clause the customer will keep and mark the goods in such a way as to show they are property of the Seller and shall hold the same as bailee of the Buyer.

d) The Buyer shall be entitled as agent of the Seller before the property and the goods have passed (but subject to any lein or right of retention on the part of the Seller).

(i) To resell the goods or any part thereof but shall pay to the Seller the proceeds of the sale or such part thereof as maybe necessary to pay all sums due to the Seller from the Seller and until such payment should hold proceeds from the sale on trust for the Seller.

(ii) To use the goods in the ordinary course of his business.

7. LAW
Any agreement incorporating these Conditions shall be governed by English Law.

8. PAYMENT
All sums due to the Seller shall be paid by the last day of the month after the month of delivery. In fault the Seller may:

a) Suspend delivery under all or any contracts with the buyer.

b) Charge interest at the rate of 5% over Lloyds Bank Minimum lending rate from the day following that on which payment was due.

9. TERMINATION
The Seller shall have the right immediately to terminate the contract at any time upon occurrence of any of the following events.

a) If the Buyer commits any act of bankruptcy or compounds or makes arrangements with his creditors or executes a bill of sale on his goods or any of them or if any execution or distress is levied upon the goods of the Buyer.

b) If the Buyer being a company is wound up either compulsory or voluntarily or a receiver of its assets is appointed.

c) If the Buyer commits any breach of contract.

Upon any such termination the Seller shall have the right to be paid the price of goods manufactured or sold prior to the date of termination and the Buyer shall take over and pay for at the current price such materials as have been allocated by the seller to the contract.

10. CONSEQUENTIAL LOSS
Without prejudice to the generality of the foregoing provisions the Seller shall not in any event be liable to the Buyer for any indirect or consequential loss or damage.

11. FORCE MAJEURE
The Seller shall not be liable for failing to perform the contract whether wholly or partly by any circumstance or circumstances outside the Sellers control.

12. FITNESS FOR PURPOSE
Where the goods are required for a purpose other than the normal or usual purpose for which such goods are commonly supplied then no condition or warranty of fitness for the purpose of the goods shall be implied unless the Buyer has made known to the Seller in writing the exact purpose for which the goods are intended to be used, on or before the making of the contract.

13. SIZE OF MATERIALS
Unless specifically warranted (in writing) as accurate sizes all sizes referred to on price lists, estimates or brochures are approximate only.

14. AVAILABILITY OF GOODS.
Any quotation given by the Seller shall not constitute an offer for sale or a representation that those goods are available for sale.

15. QUANTITY
The Seller cannot guarantee exact quantities in respect of any goods supplied and shall be deemed to have fulfilled its obligations under the contract by delivery or manufacture of a quantity plus or minus 10% of the quantity specified in the contract and the buyer shall pay the contract rate for the actual quantity delivered.

16. PRINT ORIGINATION WORK
All material produced in origination work remains the property of the Seller unless paid for by the Buyer.

17. PROOF READING
No responsibility shall be accepted by the Seller for any errors in proof submitted to and approved by the Buyer.

18. DIMENSIONS AND GAUGE
Except where agreed in writing the Seller shall be deemed to have fulfilled its obligations under the contract by producing goods within the tolerances laid down by the Packaging and Industrial Films Association (P.I.F.A.). In general sizes will be controlled to within plus or minus 3% and film gauge to within plus or minus 10%. Corrugated cartons are subject to a manufacturers tolerance of plus or minus 3-5mm on the creases.

19. INK COLOURS
Whilst the Seller will take all reasonable steps to try to match colour this cannot be guaranteed and the contract shall be deemed to have been performed by delivery of goods of the general shade and density of colour stipulated.

ENVIRONMENTAL POLICY

It is the policy of UK Packaging Supplies Limited to ensure that its activities are managed so as to minimise any impact on the environment, so far as is reasonably practicable.

In order to achieve this:

- The Company will manage its product range to ensure that products in the range do not cause unacceptable environmental damage through its receipt, storage, and use or disposal phases.
- The Company will develop the energy efficiency of its vehicle fleets, so far as is reasonably practicable. Future purchases and leases of vehicles will take account of the environmental impact of the models selected.
- The Company will aim to improve the energy efficiency of its premises. Existing buildings will be adapted where practicable to improve their energy efficiency. When considering future purchases or leases, account will be taken of the energy efficiency of the building, and of the energy costs involved in running those buildings.
- Wherever possible the Company will seek to minimise waste:
  - Through reduction in unnecessary consumption
  - Through purchasing recycled products and packaging for its own use
  - By sending used products and packaging to be recycled
  - Through reuse of packaging received.
- Employees at new sites will be encouraged to travel to work using environment friendly methods such as car sharing or use of public transport where practical.
- The Safety & Environmental Manager is responsible for assisting management to implement the Company's Environmental Policy.
- The Company will comply with all UK environmental legislation.
- The Company will aim for continual improvement in order to lessen its impact on the environment

For and on behalf of the Directors
